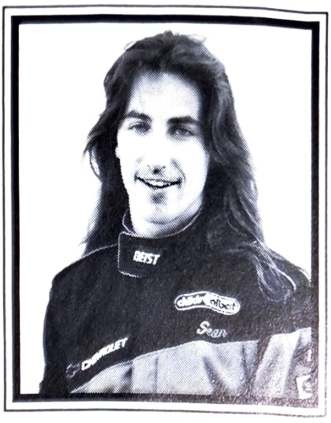
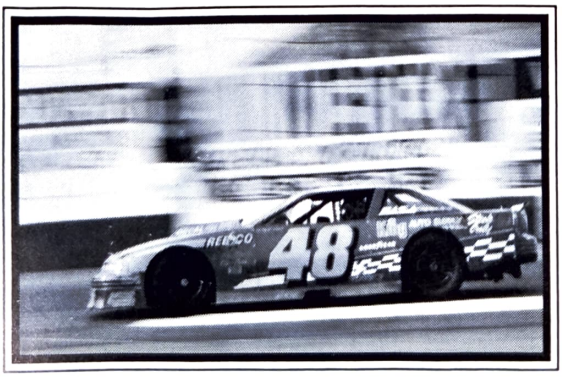
NASCAR SPORTSMAN CHAMPION

Sean Woodside



Finishing eighteen times in the top 10 with five feature event wins including four in a row, Sean Woodside completed 100% of all laps possible in the '94 season in route to the 1994 Sportsman Championship. Sean began getting seat time at age ten with go-kart competition, but it wasn't until 1991, at age 20, that Sean slid into the seat of the Woodside Racing Chevrolet Lumina. Sean changed tires on former Saugus Champion Roman Calczynski's Southwest Tour effort. Sean may someday take a crack at the Tour himself. Father Larry and mother Pamm, who both also raced at Saugus, can certainly be proud of Sean.

NASCAR SPORTSMAN ROOKIE-OF-THE-YEAR



Sean Monroe

It is sometimes hard to tell if surfing or racing is Sean Monroe's favorite activity. Our 1994 Sportsman Rookie-of-the-Year has taken a stab at the Southwest Tour competition as well in '94. Sean became the first rookie Tour competitor to set fast time when the Tour stopped at Saugus in April. July 30th saw Sean win the 75 lap Frontier Toyota Sportsman Series race here at Saugus and was well on his way to a second Frontier Toyota Series win in September when he was sidelined by late race mechanical problems.
